

Why SI, Inc.?

Experience. Our co-founders, both attorneys, have 39 years of combined legal experience. Co-founder Robert Walmsley authored the law that continues to govern surrogacy in California today. He even tried Johnson v. Calvert, one of the first cases to establish California's surrogacy law. Mr. Walmsley is nationally recognized for his continued contributions to surrogacy around the world. It is this experience and leadership that allows us to fully represent our clients in their own unique situations.

Convenience. SI, Inc. is the first surrogacy agency of its kind to come to California's Central Coast. We uniquely combine our high-quality legal expertise with the comforts and convenience of a local agency. From matching to birth, we strive to be fully informative and easily accessible as we guide you through each step of the surrogacy journey.

Comfort. At SI, Inc., your comfort and confidence in the surrogacy process is our priority. We offer a warm and supportive environment where you will always feel welcomed and know that your concerns will truly be heard. There is simply no concern too big or too small when building a new family.
